To Distribution List:

In accordance with the Illinois EPA's Environmental Justice Policy, the Illinois EPA wants to provide you with information about a potential Illinois EPA action. The Illinois EPA is sending this letter to notify you of an application received by the Illinois EPA Bureau of Air (BOA).

The Illinois EPA has received a Construction permit application from DS Containers for its facility located at 2500 Enterprise Circle in West Chicago. The application requests to revise their current Construction permit to allow for additional time to test their Regenerative Thermal Oxidizer. The facility's current Construction permit requires testing of the Regenerative Thermal Oxidizer which is a control device on the coating line. DS Containers manufactures aerosol cans.

The application is currently under review by the Illinois EPA's Bureau of Air.
