Federally Enforceable State Operating Permit (12040035)

To Distribution List:

In accordance with the Illinois EPA's Environmental Justice Policy, the Illinois EPA wants to provide you with information about a potential Illinois EPA action. The Illinois EPA is sending this letter to notify you of an application received by the Illinois EPA Bureau of Air (BOA).

The Illinois EPA has received a Federally Enforceable State Operating Permit (FESOP) application from FIC America Corp for its facility located at 485 East Lies Road in Carol Stream. The application requests an initial FESOP. The source is currently operating under a Lifetime Operating Permit (#95090103) as a minor source. The FESOP application was submitted to accurately address emissions from lubricants and solvents used in metal stamping and pipe bending operations at the facility.

The application is currently under review by the Illinois EPA's Bureau of Air. Prior to issuance, the FESOP will undergo a public notice and comment period. Bureau of Air public notice materials, including a draft permit and project summary, can be found here:
<https://www2.illinois.gov/epa/public-notices/boa-notices/Pages/default.aspx>.

If you are receiving paper notifications and would like to sign up to receive notifications by email instead, please visit the Illinois EPA Environmental Justice webpage:
