Re: Argonne National Laboratory (Illinois EPA BOA ID# 043802AAA)
Clean Air Act Permit Program (95090195)

To Distribution List:

In accordance with the Illinois EPA's Environmental Justice Policy, the Illinois EPA wants to provide you with information about a potential Illinois EPA action. The Illinois EPA is sending this letter to notify you of an application received by the Illinois EPA Bureau of Air (BOA).

The Illinois EPA has received a Clean Air Act Permit Program (CAAPP) application from Argonne National Laboratory for its facility located at 9700 South Cass Avenue in Lemont. The application requests a renewal of the facility's existing CAAPP permit for five years. This facility is a center for the study of nuclear and non-nuclear energy sources.

The application is currently under review by the Illinois EPA's Bureau of Air.

Prior to issuance, the CAAPP will undergo a public notice and comment period. When the public notice and comment period begins, the Bureau of Air will make available the public notice materials, including a draft permit and statement of basis. Those resources will be located here: <https://www2.illinois.gov/epa/public-notices/boa-notices/Pages/default.aspx>.

If you have questions about the application, please contact Chris Pressnall, Environmental Justice Coordinator at (217) 524-1284, chris.pressnall@illinois.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Pressnall".

Chris Pressnall
Environmental Justice Coordinator
