Awards

GFOA Distinguished Budget Presentation Award

The Government Finance Officers Associations of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the **County of DuPage, Illinois** for its annual budget for the fiscal year beginning **December 1, 2015**. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This is the twelfth consecutive year the County has been presented with this award. DuPage County is one of only five counties in Illinois to receive this award.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Associations of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to DuPage County for its comprehensive annual financial report for the fiscal year ended November 30, 2014. This was the twenty-ninth consecutive year that the County has achieved this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is only valid for a period of one year. The County believes that the current comprehensive annual financial report continues to meet the Certificate of Achievement Programs' requirements and have submitted it to the GFOA to determine its eligibility for another certificate.

Budgetary Control

The County's budget process is governed by Illinois Compiled Statutes and DuPage County Board Rules. Annual budget ordinances governing appropriations, property tax levies, and interfund transfers are passed by the County Board prior to the beginning of the new fiscal year. Budgetary control is exercised at the account level to insure that actual expenditures and outstanding encumbrances do not exceed available budget amounts. The County Board reviews and approves the budget's detailed accounts. The detailed budget by company and accounting unit is available on the County's website at www.dupageco.org. Illinois Compiled Statutes require that any revisions (i.e., budget transfers, additional appropriations) to the original appropriations be adopted by a two-thirds majority of the County Board. The annual budget adopted and all appropriations made therein, terminates with the close of the fiscal year. However, any remaining balances are available for approximately 90 days after the close of the fiscal year for the payment of obligations incurred prior to the close of the fiscal year.

Appropriations of governmental funds are encumbered upon the issuance of purchase orders. Outstanding orders for goods and services that have not been received are accounted for as a committed fund balance for a specific purpose. The encumbrance system assures that any amount over existing commitments can only be paid with available unobligated funds in the corresponding line item. If this is not possible, a budget transfer must be processed or appropriation increased.

Daily financial information related to budget and cost control is available to all department directors and elected officials by means of reports generated via the County's ERP system. The Statement of Revenues & Expenditures and the bi-weekly list of vendor payments is also made available on the County intranet. Additional financial information is available via inquiries within the ERP system. General Fund presentations and other reports are available on the County Finance Department's website.

County Accounting Structure

The County's finances are identified by fund, depending on the nature and legal use of the fund for both accounting and budgeting purposes. For both purposes, funds are segregated into three main fund types: governmental, proprietary and fiduciary. The chart on the following page illustrates the County's fund structure.

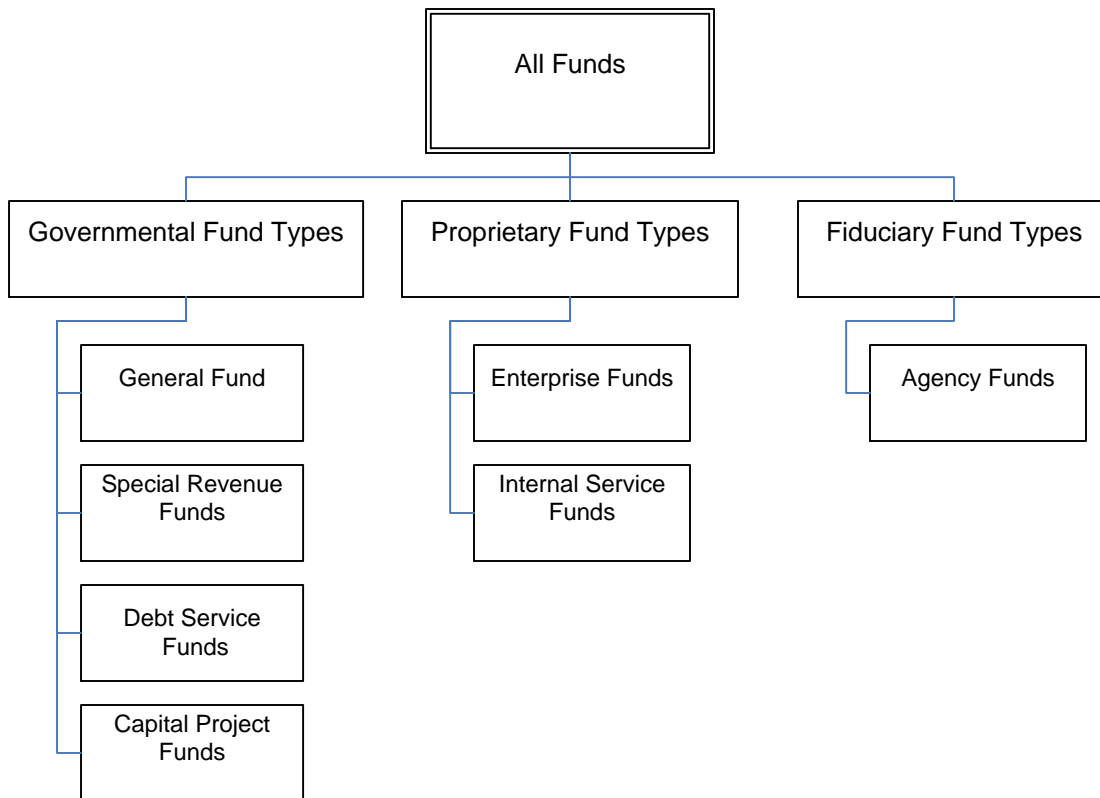

Basis of Budgeting

The County's budget is developed on a modified accrual basis. The County recognizes transactions or events when they become measurable and available. Annual expenditure appropriations are set to annual estimated revenues.

Financial Policies

DuPage County Board approved financial policy guidelines are utilized in developing the annual budget. The policy document is included in the pages that follow. In accordance with guidelines, the financial policies are reviewed and approved by the County Board each spring.

DuPage County Fund Structure

Governmental Funds – Most of the County’s basic services are included in governmental funds. The General Fund is the main operating fund of the county and the largest of the governmental funds. Fund income is comprised of various sources for non-dedicated purposes. Other major governmental funds include the Health Department Fund, Convalescent Center Fund, U.S. Department of Housing and Urban Development Fund, Stormwater Drainage Fund and the 2015A Transportation Revenue Refunding Bonds Fund. Remaining governmental funds, which include special revenue funds, debt services funds and capital project funds, are considered non-major governmental funds.

Proprietary Funds – Proprietary funds consist of enterprise funds and internal services funds. These funds account for operations that are conducted in a manner similar to private business in which costs are charged as a user fee. The County’s Water and Sewerage System Fund is an enterprise fund. The internal service fund is used to account for the self-insured payment of health insurance claims for employees and retirees. For budgetary purposes, the employee medical insurance premiums are included in the appropriate government funds. The Water and Sewerage System is treated as a special revenue fund.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The County’s fiduciary funds consist of agency funds, which are used to account for monies received, held and disbursed. These funds are not appropriated and are not included in the County’s budget documents.
